

the long tail

Start a global conversation across long tail markets.

The more you make available... the more you sell.

bigblueroad is the pioneer of a new travel trade conversation. We understand the importance of selling long tail products across long tail markets. We understand that customers are looking for more and more product across all markets around the world. We appreciate that yesterday's choice is today's abundance. And we know that the more you make available, the more you sell!

3 forces of the long tail

1. make it

2. get it out there

3. help me find it

bigblueroad ingredients for long tail success

- a market with demand
- rapid online technology
- long tail products & services
- localised application

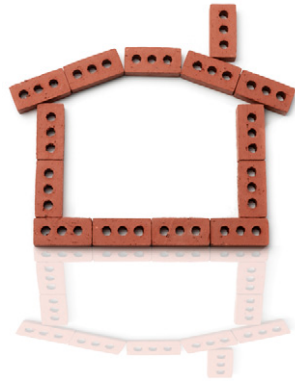

We combine traditional local sales and marketing support with online technology to reach out to the global travel trade community and initiate brand awareness, interest, trial and loyalty.

Our network of over 50 offices offers knowledge, expertise and experience to help our clients understand their new global customers. Our teams help build, implement and support local solutions that deliver.

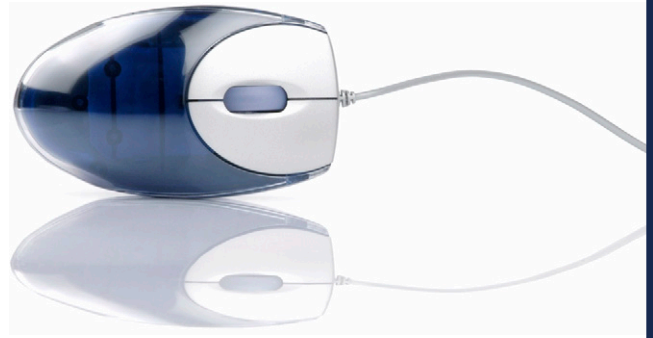

- build engaging web strategies and start a global conversation
- place your brand online across our 50+ market network – the long tail of emerging markets
- add local office sales and marketing support during the booking periods that matter
- utilise our technology product suite to maximise your ROI
